

## Drug-free Headache Relief

### One Device. Many Uses.

gammaCore Sapphire™ is the **first and only FDA cleared** drug-free non-invasive device to treat and prevent migraine and cluster headache pain via the vagus nerve. It's small, handheld and portable for quick and easy treatments whenever and wherever needed.

- **To prevent future migraines,** simply treat 2 times a day for more headache free days, so you can live life with less disruption. No pills, no injections or drug like side effects.
- **For acute migraine use:** Treat right away. With a few 2-minute treatments, you could see fast acting, long-lasting pain relief, with results in as little as 30 minutes and lasting up to 48 hours.

## Why gammaCore?

No pills  
or injections

Prescription strength  
results without the drug  
like side effects

Can be used multiple  
times per day (up to  
24 stimulations)

Conveniently portable,  
hand-held and  
easy to use

## Stop Migraine in its Tracks

Clinically tested and FDA  
cleared for migraine  
treatment in adults  
and children 12+

Users feel pain relief in as  
little as 30 minutes  
after treatment

Almost half of users had  
little to no migraine  
pain within 2 hours  
after first use

The majority of users who  
were pain-free at 2 hours  
remained pain-free  
for 48 hours

gammaCore™ is intended to provide non-invasive vagus nerve stimulation (nVNS) on the side of the neck for preventive treatment of migraine and the acute treatment of pain associated with migraine in patients 12 and older. gammaCore is also indicated for adjunctive use for preventive treatment of cluster headache, acute treatment of episodic cluster headache, and treatment of hemicrania continua and paroxysmal hemicrania in adult patients.

gammaCore should not be used by people with an active implantable medical device or have a metallic device implanted at or near the neck. Please refer to the gammaCore.com or instructions for use for complete safety information including indications, contraindications, warnings, cautions, and instructions.
